RATIONALE: (Describe briefly existing problem and expected benefit of proposed change)

The IFAA World team is no longer competed by the highest scoring archer in seven styles. It is the archer shooting closest to the World record. We need to be able to easily pick a winning team. We also need to contact US archers registered for the event. It is no longer the highest shooting male that the team possibly needs.

IFAA has changed the World Team competition and our archers need to know the new requirements.

PROPOSED CHANGE OR ADDITION: (Must be in exact wording)

New Item Revision Const. By-Laws Policy
 Page 87 Article 2013 Section _____ Para _____ Item _____

2013: Selection of World Team

1. The President will appoint an individual to selection and manage NFAA archers attending IFAA World Championships. NFAA's Style team will be composed of archers registered for the shoot. Previous NFAA Champions will be given priority if they are tied with other archers registered.
2. Young Adults, Adults and Veterans both male and female are eligible to be on the team.
3. Professional, Senior, Junior and Cub archers are not eligible.
4. Archers must be registered for the event to be considered for the team.
5. All NFAA archers registered for the IFAA World Field Archery Championships will send their contact information (email and cell phone) and current scores (Field, Hunter, Animal) and where they shot them (National, Sectional and NAFAC scores are preferred) to the NFAA Executive Secretary who will forward it to the Team Captain. This will allow for selecting the best team and communication amongst the team.
6. Styles that are not competed at NFAA (currently) Bowhunter Freestyle Limited and Competitive Bowhunter can qualify at the previous years North American Field Archery Championships (NAFAC).
7. The IFAA shooting styles are now divided into four groups, each with their own shooting styles grouped together allowing for a team with a maximum of nine archers and a minimum of four archers.

Group 1 = Freestyle & Freestyle Bowhunter

Group 2 = Freestyle Limited or Freestyle Limited Recurve and Freestyle Bowhunter Limited

Group 3 = Barebow Compound or Barebow Recurve and Competitive Bowhunter and Traditional

Group 4 = Longbow

	Groups	Styles		
Group 1	Unlimited Styles	FU	BU	
Group 2	Limited Styles	FSC FSR	BL	
Group 3	Non-sight Styles	BBR BBC	BHR BHC	TR
Group 4	Traditional Styles	LB	HB	

The TR shooting style may be entered in Group 4 in the event that no HB or LB style can be entered. In that case no TR shall be entered in Group 3.

Exec Note: The TR style cannot be entered in Group 3 as well as Group 4.

The TR shall not be entered in Group 4 to replace a "weaker" archer in HB or LB.

8. Points for the team are scored by how close you are shooting towards the IFAA World Record with the team getting the highest points from each group. Daily points are calculated from the daily score, expressed as a percentage of the world record, as it stands at the start of the tournament, of each individual division in each shooting style. E.g. if the world record in a style is 500 and the archer in the same style shoots 468, the day score of that archer will be $468/500 \times 100 = 93.60$ points. The maximum points each day is limited to 100 points.

9. A predetermined set amount, set by the Council, will be paid to each member to help with expenses.

10. The World Team shall be submitted to the President, Vice President, and the Executive Secretary for final approval.

11. The team shall be supplied with Team Shirts to be worn during the opening ceremonies and while receiving awards.

Item 1 is slightly modified to give selection more flexibility.

Items 2-4 are exactly the same but are now items 9-11.

RATIONALE: (Describe briefly existing problem and expected benefit of proposed change)

Distances for Outdoor Field and Hunter Rounds are too intimidating for New Archers that are wanting to participate in Field Archery.

3D archers not shooting this round because of different bow setups during 3D season

Benefit: Increased Attendance for State, Sectional, and National Field Shoots

Add: **Hunter Freestyle Bowhunter (HBHFS)** This Class shoots at a **Maximum of 50 Yards** at all three rounds Field, Hunter, and Animal. Using Blue Markers same as Youth Archers this class will be open to all ages and genders.

PROPOSED CHANGE OR ADDITION: (Must be in exact wording)

New Item Revision Const. By-Laws Policy
 Page 29 Article II Section _____ Para _____ Item _____

Hunter Freestyle Bowhunter:

1. A maximum of (5) five fixed reference points: Points of attachment shall not be considered reference points. A line running vertically from its top attachment in the pin guard to its bottom attachment in the pin guard would be legal. Sighting reference points, string peep (with or without a lens) and/or kisser button may not be moved during a round. Scopes, clickers and draw checks are not allowed. A round or oval housing around the points of reference is not considered a scope as long as no lens is used. No additional pin guard may be used. A sight pin consisting of a housing with a hole through it, that does not contain a fixed reference point within the hole, is not allowed.
2. Release aids will be permitted. In the case of physical disability of the arms or hands, a chew strap may be used in place of fingers or release aids.
3. A pinguard mounted on the sight, and a level mounted anywhere will be legal in this style of shooting, provided that there are no additional marks or blemishes on either of these items that could be used for sighting.
4. A string of suitable material with a center serving and end servings of the same or different color than the string may be used. One consistent nocking point only is permitted. Nocking point locators shall not extend more than 1/2 inch above or below the arrow nock when at full draw. Brush buttons and string silencers properly attached will be legal.
5. One anchor point only is permitted.
6. All arrows shall be identical in size, length, weight, and fletching with allowances for wear and tear.
7. Brush buttons, string silencer, positioned no closer than midway between the nocking

point and where the string touches the wheel/cam, and bow quiver installed on the opposite side of the sight window, with no part of the quiver or attachments visible in the sight window are legal. One straight stabilizer, coupling device included if used, which cannot exceed 12 inches at any time, as measured from the back of the bow, V-bar, counterbalance and string dampeners may be used.

8. An archer will not be permitted to change the draw weight of the bow during a round.

9. During a round no adjustments may be made to the bow and its related equipment unless equipment failure is recognized

Hunter Traditional:

1. This style of shooting is for those who wish to compete with the Recurve or Longbow.

2. No device of any kind, including arrow rest, that can be used for sighting will be used or attached to the archers' equipment.

3. There shall be no device, mechanical or otherwise, in the sight window except the arrow rest, arrow plate or plunger button.

4. No part of the arrow rest may extend more than $\frac{1}{4}$ inch above the arrow in the sight window.

5. No clickers, drawchecks or levels will be allowed. No laminations, marks or blemishes on the face of the bow or in the sight window will be legal.

6. The string may be of any color but must have a single color center serving. One single nocking point is permitted. One or two nock locators may be used. Brush buttons and string silencers, properly placed may be used. Any other marks or string attachments will be illegal.

7. One anchor point only is permitted.

8. The archer shall touch the arrow when nocked and drawing the arrow with the index finger against the nock. Finger position may not be changed during competition. In the case of physical disability of the arms or hands, a chew strap may be used in place of fingers.

9. Gloves, tabs or fingers shall be the only legal releases. In the case of physical disability of the arms or hands, a chew strap may be used in place of fingers.

10. All arrows shall be identical in length, weight, diameter and fletching with allowance for wear and tear.

11. One straight stabilizer, coupling device included, if used, which cannot exceed 12 inches at any time as measured from the back of the bow.

12. No written memorandum will be allowed.

13. Bow Slings are permissible.

14. During a round no adjustments may be made to the bow and/or its related equipment unless equipment failure is recognized.

Delete: 15. For all tournaments below the Sectional level, all traditional archers may shoot at Youth distances at the discretion of each State or Club.

Hunter Freestyle:

1. Any type of sight and its written memorandum may be used.

2. Any release aid may be used provided it is hand operated and supports the draw weight of the bow and is not attached to the bow other than the bowstring. In the case of physical disability of the arms or hands, a chew strap may be used in place of fingers or release aids.

3. The rear stabilizer shall not touch any part of the body.

The 15 yard shot using a 35cm face tends to place archers in a position to damage their arrows and or nocks because of the close distance. It is only 3 yards further than the "bunny". The feeling of some of our better archers is that 15 yards should shoot at a 20cm face with four faces to shoot at... thus negating the problem of packing four arrows on top of each other at a close distance.

RATIONALE: (Describe briefly existing problem and expected benefit of proposed change)

Since the introduction of the new Barebow Recurve style in 2019, it has been clearly demonstrated that it is a well-attended style, especially at Vegas. The COVID pandemic of 2020/2021 has made it difficult for many to attend tournaments, but in the events that do occur, Barebow Recurve competitors are making a good showing. Even the Dakota Classic has drawn competitors to compete at national level events and state level.

The future growth of archery requires bringing up our young to enjoy the sport. Outside of Freestyle and Bowhunter, our youth is primarily pointed towards three shooting styles, which limits their exposure to more traditional styles of shooting. When looking at the age demographics for the single-string shooting styles, the majority of the state and local shoots are shot by the senior age divisions. In World Field Archery championships there are Traditional style categories for the Young Adult age division, but not in the NFAA, so it makes it difficult for the US to raise up outstanding young shooters.

Because of this, a motion is being made to add Young Adult to the Barebow Recurve style, and to expand the age divisions to also include Silver Senior and Master Senior age categories.

PROPOSED CHANGE OR ADDITION: (Must be in exact wording)
